

# Discover Neurocrine Access Support

*Access Support*

**A free comprehensive program created to support you and your patients prescribed CRENESSITY™, ensuring that you can focus on what really matters**

Starting your patient on a new medication can be a complex process. That's why Neurocrine Access Support is here to ensure you have the support that you and your patients need.

Our knowledgeable and dedicated team of Care Coordinators will help you navigate the process by:

- Obtaining prior authorizations
- Managing appeals
- Minimizing delays in patients starting and staying on therapy

Neurocrine Access Support is here for you and your patients from the start, with ongoing support throughout their CRENESSITY journey.

## ACCESS SIMPLIFIED

### Dedicated Support for You and Your Patients

Neurocrine Access Support for CRENESSITY offers a dedicated Care Coordinator as **a central point of contact for you, your staff, and your patients**, to help ensure unwavering and personalized support. From facilitating necessary insurance paperwork to helping your patients find financial support, your Care Coordinator is committed to making the process as smooth as possible.

**CRENESSITY is dispensed exclusively through PANTHERx** to provide a consistent experience to you and your patients while providing access to clinical pharmacists trained in rare conditions.

#### Neurocrine Access Support for CRENESSITY provides assistance all in one place.

**For you:** qualified clinical pharmacists to partner with on your patients' care plans

**For your staff:** a dedicated Care Coordinator, backed by a team, to help provide comprehensive assistance with navigating the insurance process and identifying financial support options for patients

**For your patients:** personalized help throughout their CRENESSITY journey, ensuring that they feel supported every step of the way

## WHEN PRESCRIBING CRENESSITY, YOU'RE NOT ALONE

### Neurocrine Access Support Makes It Easier

1

You can prescribe CRENESSITY in the way that works best for you, whether its eRx, faxing, or calling. To streamline the process, simply complete the CRENESSITY enrollment form, available on our website at [NBAccess.com/prescribe-cft](https://NBAccess.com/prescribe-cft).

2

Once PANTHERx receives a prescription or a completed enrollment form, a Care Coordinator will contact your patient to coordinate next steps for receiving their CRENESSITY prescription and will support them throughout their journey.

3

After the initial intake is finished the pharmacy will begin investigating insurance coverage and will partner with your office to obtain necessary clinical information to help you process a prior authorization and/or appeal.

4

To ensure a smooth start to support services, please share the Neurocrine Access Support for CRENESSITY phone number 1-855-CRNSITY (276-7489) with your team and patients to let them know they can call with questions if they need assistance.

## FINANCIAL SUPPORT TO ASSIST PATIENTS

With Neurocrine Access Support for CRENESSITY, our goal is to ensure there are no access barriers to your patients starting and staying on treatment.

**Our Care Coordinator team** will verify your patient's insurance coverage and work directly with your office to navigate coverage options.

**We'll assess your patient's eligibility for savings programs** or other financial assistance to help ease the cost of treatment.

Our Savings Program may help your commercially insured patients **pay as little as \$0 for CRENESSITY.\***

In the event of delays with insurance coverage, our **QuickStart program\*** can offer **30 days of free CRENESSITY** to bridge the gap and facilitate prompt access to therapy.

**Our Patient Assistance Program (PAP)\*** is designed to assist those without **insurance**, those whose insurance does not cover CRENESSITY, or those who cannot afford their copay or coinsurance.

You can **prescribe with confidence** knowing that our dedicated Support Program will help your patients **get timely access to CRENESSITY** with most patients paying \$10 or less a month.

Share this phone number with your patients to get them started and let them know to expect a call once CRENESSITY is prescribed. **Call 1-855-CRNSITY (276-7489), 8 AM to 8 PM ET, Monday through Friday**
