

Welcome

Welcome to Neurocrine Access Support for CRENESSITY™

**One-on-one, personalized
support throughout your
journey with CRENESSITY.**

Neurocrine Access Support is
more than just help with your
medication.

It's a comprehensive
program designed to
ensure you or your
child has everything
needed to begin
and continue
taking CRENESSITY.

YOUR CARE COORDINATOR

A dedicated partner to lean on
for guidance and advice

We know that starting a new medication can come with a lot of unknowns. But with Neurocrine Access Support for CRENESSITY, you have a **designated Care Coordinator**, backed by a team, just a phone call away. Whether you have a question for the pharmacy or need help dealing with insurance, they are ready to jump in whenever you need. Your Care Coordinator is here to support you throughout your journey, providing a personalized experience for you or your child.

Your Care Coordinator will reach out to check in and organize key details.

You can expect your Care Coordinator to:

- Explain financial assistance options available to you
- Arrange shipping of CRENESSITY directly to you and coordinate refills
- Get in touch to answer any questions that may come up during treatment

Plus, a pharmacist trained in your condition is available 24/7 to answer any questions you may have.

Save our Contact Information.

We'll call you from the number 1-855-CRNSITY (276-7489). [Click here](#) to save our contact information to your phone.

YOU AND YOUR SPECIALTY PHARMACY

We're excited to share that we've teamed up with a specialty pharmacy, PANTHERx, to centralize and simplify CRENESSITY prescriptions.

Specialty pharmacies are different from other pharmacies you may be familiar with. They focus on specific, often rare, conditions and the medicine required to treat them. They're specially trained to handle more complex and long-term health needs, offering the personalized care that rare conditions may require.

FINANCIAL SUPPORT THAT FITS YOUR NEEDS

Neurocrine Access Support can help ease the cost of CRENESSITY in a variety of ways. **Most people taking CRENESSITY may pay \$10 or less per month for their prescription.*** Learn more about how we can support you below.

Getting Started Is Easy

1. **Initial Call:** Once you or your child is prescribed CRENESSITY, your dedicated Care Coordinator will reach out to discuss what you can expect next and answer any questions you may have about getting started.
2. **Insurance Check:** Your Care Coordinator will verify your insurance and work with your doctor to get any needed approvals.
3. **Explore Options:** Then, we'll confirm what savings programs and other financial assistance options are available that could help you pay \$10 or less for your prescription.

Financial Support Options*

CRENESSITY Savings Program

You may pay as little as a \$0 copay on your prescription if you have commercial insurance.[†] Our Savings Program will be applied automatically at the pharmacy, which may help you save money on your CRENESSITY prescription.

QuickStart Program

If there is a delay in starting treatment due to insurance coverage, our QuickStart Program offers a free 30-day supply of CRENESSITY.

Patient Assistance Program

The Patient Assistance Program (PAP) is here to help if you don't have insurance, your insurance doesn't cover CRENESSITY, or you lack the financial resources to pay for your prescription. This program acts as a safety net for those who may not have the means to access their medication. PAP provides CRENESSITY at no cost.

* These offers are available to qualifying patients only and additional terms and conditions apply. Your Care Coordinator can evaluate which programs are right for you.

[†] This offer is valid only for patients with commercial (nongovernment-funded) insurance. Additional terms and conditions apply.

Your Journey
YOUR JOURNEY WITH CRENESSITY

Neurocrine Access Support is here every step of the way as you or your child begins and continues on CRENESSITY.

Our support includes:

- A friendly Care Coordinator, along with a team to support you and answer your questions
